#### INDEPENDENT AUDITOR'S REPORT

## To the Shareholder of UNIQUE PHARMACEUTICAL LABORATORIES FZE

## Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **UNIQUE PHARMACEUTICAL LABORATORIES FZE** (the "Establishment"), which comprise the statement of financial position as at 31 March 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Establishment as at 31 March 2023, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Establishment in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates (UAE), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of matter

We draw attention to Note 2(a) in the financial statements which states that these financial statements are separate financial statements of the Establishment. The consolidated financial statements of the Establishment and its subsidiary, which are required to be presented in accordance with International Financial Reporting Standards IFRS 10: Consolidated Financial Statements, are presented separately.

Our opinion is not modified in respect of this matter.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for their compliance with the Jebel Ali Free Zone Companies Implementing Regulations 2016 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

continued...

Page 1 of 24

# INDEPENDENT AUDITOR'S REPORT (continued)

In preparing the financial statements, management is responsible for assessing the Establishment's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Establishment or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Establishment's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Establishment's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Establishment's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Establishment to cease to continue as a going concern.

continued...

#### INDEPENDENT AUDITOR'S REPORT

(continued)

Evaluate the overall presentation, structure and content of the financial statements, including
the disclosures, and whether the financial statements represent the underlying transactions
and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

We further confirm that the financial statements comply with the applicable provisions of the Jebel Ali Free Zone Companies Implementing Regulations 2016.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### 1. LEGAL STATUS AND BUSINESS ACTIVITY

- a) UNIQUE PHARMACEUTICAL LABORATORIES FZE (the "Establishment") is a free zone establishment with limited liability incorporated in Dubai, United Arab Emirates in accordance with the Implementing Regulation No. 1/92 issued pursuant to Law No. 9 of 1992 (repealed by Jebel Ali Free Zone Companies Implementing Regulations 2016). The registered office is Office No 1116, Business Centres World Building, 11th Floor, JAFZA One, Jebel Ali Free Zone, P.O Box: 262327, Dubai, United Arab Emirates. The Establishment was registered on 10 December 2013 and commenced operations from 1 April 2014.
- b) The Establishment has a subsidiary under the name of Biotech Laboratories (Pty) Ltd. (the "subsidiary"), a company incorporated in the Republic of South Africa having registration no. 1990/007220/07. The Establishment is holding 100% of legal and beneficial interest as at the reporting date.
- c) The Establishment and its subsidiary trades in medicines and pharmaceutical products. However, the Establishment has not carried out any activity during the year.
- d) The parent company is J.B. Chemicals and Pharmaceutical Limited, a public limited company registered in India, and the ultimate parent company is Tau Investment Holdings PTE. LTD. a company registered in Singapore.

#### 2. BASIS OF PREPARATION

#### a) Statement of compliance

The financial statements are prepared in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and which are effective for accounting periods beginning 1 January 2022 and the requirements of the Jebel Ali Free Zone Companies Implementing Regulations 2016.

These financial statements are separate financial statements of the Establishment. The consolidated financial statements of the Establishment and its subsidiary which are required to be presented in accordance with International Financial Reporting Standard 10: 'Consolidated Financial Statements', have been presented separately.

#### b) Basis of measurement

The financial statements are prepared using historical cost.

Historical cost is based on the fair value of the consideration given to acquire the asset or cash or cash equivalents expected to be paid to satisfy the liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

### c) Going concern

The financial statements are prepared on a going concern basis.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

When preparing the financial statements, management makes an assessment of the Establishment's ability to continue as a going concern. Financial statements are prepared on a going concern basis unless management either intends to liquidate the Establishment or to cease operations, or has no realistic alternative but to do so.

The Establishment incurred a loss of AED 711,631 loss for the year ended 31 March 2023 and at that date, the Company's losses aggregated to AED 3,357,797. Also, the Company has not carried out any trading activities since last five years.

These events or conditions, indicate that a material uncertainty exists that may cast significant doubt on the Establishment's ability to continue as a going concern. However, the shareholder has agreed to continue with the operations of the Establishment and has agreed to provide continuing financial support to enable the Establishment to discharge its liabilities as and when they fall due. Accordingly, these financial statements have been prepared on a going concern basis.

## d) Adoption of new International Financial Reporting Standards

Standards, amendments, improvements and interpretations effective for the current period. The following amendments, improvements and interpretations which became effective for current period, did not have any significant impact on the Establishment's financial statements:

- Property, Plant and Equipment: Proceeds before intended use Amendments to IAS 1
- Reference to the Conceptual Framework Amendments to IFRS 3
- Onerous Contracts Cost of Fulfilling a Contract Amendments to IAS 37
- Annual Improvements to IFRS Standards 2018–2020
  - IFRS 9 Financial Instruments
  - IFRS 16 Leases
  - IFRS 1 First-time Adoption of International Financial Reporting Standards
  - IAS 41 Agriculture

#### New and revised IFRSs in issue but not yet effective and not early adopted

The following amendments, improvements and interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorised for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

- Amendments to IAS 1 Classification of Liabilities as Current or Non-current (1 January 2023)
- Disclosure of Accounting Policies Amendments to IAS 1 and IFRS Practice Statement 2 (1 January 2023)
- Definition of Accounting Estimates Amendments to IAS 8 (1 January 2023)
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction Amendments to IAS 12 (1 January 2023)

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor
and its Associate or Joint Venture. The amendments address the conflict between IFRS 10
and IAS 28 in dealing with the loss of control of a subsidiary that is sold to an associate or
a joint venture (The IASB postponed the effective date of this amendment indefinitely).
(Early adoption is permitted).

#### e) Functional and presentation currency

The financial statements are presented in UAE Dirham ("AED") which is also the Establishment's functional currency.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted, and which have been consistently applied, are as follows:

#### a) Investment in a subsidiary

Subsidiaries are entities over which the Establishment exercises control. Control is achieved when the Establishment is exposed, or has rights, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The investment in a subsidiary is accounted for at cost less impairment losses, if any. The consolidated financial statements of the parent and its subsidiary are presented separately.

#### b) Staff benefits

The Establishment provides staff end-of-service benefits to its non-UAE national employees as per the applicable local laws, the entitlement to these benefits is based on upon the employees' last drawn salary and length of services which is accrued over the period of employment. Provision for staff end of services benefits are disclosed as non-current liability.

Provision is also made for employees' entitlement to annual leave and air ticket for eligible employees as per the policy of the Establishment. Provision relating to annual leave and air ticket is disclosed as current liability as employees are entitled to redeem these benefits at any point of time after the reporting period.

#### Revenue recognition

The Establishment is in the business of trading in medicines. However, during the year, the Establishment did not carry out any operations.

Revenue from contracts with customers is recognised when the control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Establishment expects to be entitled in exchange for those goods or services.

The Establishment recognises revenue from contracts with customers based on a five-step model as set out in IFRS 15:

Identify the contracts with customers: A contract is defined as an agreement between two
or more parties that creates enforceable rights and obligations and sets out the criteria for
every contract that must be met.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

- 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- Determine the transaction price: The transaction price is the amount of consideration to which the Establishment expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Establishment will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Establishment expects to be entitled in exchange for satisfying each performance obligation.
- 5. Recognise revenue when (or as) the Establishment satisfies a performance obligation at a point in time or over time.

The Establishment satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Establishment's performance as the Establishment performs; or
- The Establishment's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- The Establishment's performance does not create an asset with an alternative use to the Establishment and the Establishment has an enforceable right to payment for performance completed to date.

The Establishment is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point in time in order to determine the appropriate method of recognising revenue.

### d) Marketing support services

The Establishment provides services for marketing support to its parent. Marketing income is recognised when services are provided in accordance with the relevant service arrangements in the period which services are rendered.

#### e) Leases

The Establishment leases its office premises and staff accommodation. Rental contract is typically made for fixed periods of 1 years but may have extension options. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease arrangements do not impose any covenants, however leased assets may not be used as security for borrowing purposes.

#### Short-term leases

The Establishment applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### f) Cash and cash equivalents

Cash and cash equivalents comprise of bank current accounts.

#### g) Foreign currency transactions

Transactions in foreign currencies are translated into UAE Dirhams at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into UAE Dirhams at the rate of exchange ruling at the reporting date.

Gains or losses resulting from foreign currency transactions are taken to profit or loss.

### h) Provisions

A provision is recognised when the Establishment has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flow estimated to settle the present obligation, it's carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of receivable can be measured reliably.

#### i) Contingencies and commitments

Contingent liabilities are not recognised in the financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. A contingent asset is not recognised in the financial statements but disclosed when an inflow of economic benefits is probable.

#### j) Value added tax

As per the Federal Decree-Law No. (08) of 2017, Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Establishment does not have any output taxable supplies of goods or services. As VAT register is not mandatory in UAE for such an entity, the Establishment has opted not to register under VAT.

#### k) Current versus non-current classification

The Establishment presents assets and liabilities in the statement of financial position based on current/non-current classification.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle.
- Held primarily for the purpose of trading.
- · Expected to be realised within twelve months after the reporting period. or,
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period. or,
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

#### Financial instruments

#### Classification

On initial recognition, a financial asset is classified as measured at: amortised cost; debt investment at fair value through other comprehensive income, equity investment at fair value through other comprehensive income; or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial assets' contractual cash flow characteristics and the Establishment's business model for managing them.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are "solely payments of principal and interest" on the principal amount outstanding. This assessment is performed at an instrumental level.

The Establishment's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cashflows, selling the financial assets, or both.

Financial liabilities are classified as financial liabilities at fair value through profit or loss or at amortised cost. The Establishment determines the classification of its financial liabilities at initial recognition.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### Recognition

Financial assets and financial liabilities are recognised when, and only when, the Establishment becomes a party to the contractual provisions of the instrument. Regular purchases and sales of financial assets are recognised on trade-date, the date on which the Establishment commits to purchase or sell the asset.

## Derecognition

Financial assets are de-recognised when, and only when,

- The contractual rights to receive cash flows expire or
- The Establishment has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Establishment has transferred substantially all the risks and rewards of the asset, or
  - (b) the Establishment has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities are de-recognised when, and only when, they are extinguished i.e., when obligation specified in the contract is discharged, cancelled or expired.

#### Measurement

A financial asset (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) is initially measured at fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition. Transactions costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

The following accounting policies apply to the subsequent measurement of financial assets and liabilities.

#### Financial assets

Financial assets at amortised cost

Financial assets that meet the following conditions are subsequently measured at amortised cost less impairment loss and deferred income, if any (except for those assets that are designated as at fair value through other comprehensive income on initial recognition) using the effective interest method. All other financial assets are subsequently measured at fair value.

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- 2. the contractual terms of the instrument give rise to cash flows on specified dates that are solely payments of principal and profit on the principal amount outstanding

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

The financial assets at amortised cost comprise of other receivables, due from a related party and cash and cash equivalents.

#### Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss.

Financial liabilities at amortised cost of due to a related party and accruals.

#### Impairment of financial assets

The Establishment recognised an allowance for expected credit losses for all debt instruments not held at fair value through profit or loss, expected credit losses are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Establishment expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

Loss allowances are measured on either of the following basis:

- 12-month expected credit losses: expected credit losses that result from possible default events within 12 months after the reporting date; and
- Lifetime expected credit losses: expected credit losses that result from all possible default events over the expected life of a financial instrument.

The Establishment measures loss allowance at an amount equal to lifetime expected credit losses, except for the following which are measured as 12-month expected credit losses:

- Bank balances, due from related parties and other receivables for which credit risk (i.e., the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

The Establishment has elected to measure loss allowances for trade receivables at an amount equal to lifetime expected credit losses. The Establishment applies a simplified approach in calculating expected credit losses. The Establishment does not track changes in credit risk, but instead recognises a loss allowance based on lifetime expected credit losses at each reporting date. The Establishment has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Establishment considers reasonable and supportive information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Establishment's historical experience and informed credit assessment and including forward looking information.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

The Establishment assumes that the credit risk on a financial asset has increased significantly if it is more than 180 days past due.

The Establishment considers a financial asset to be in default when:

- The customer is unlikely to pay its credit obligations to the Establishment in full, without recourse by the Establishment to actions such as realising security (if any is held); or
- The financial asset is more than 360 days past due.

The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Establishment is exposed to credit risk.

At each reporting date, the Establishment assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the asset.

#### Offsetting

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

#### Equity

Share capital is recorded at the value of proceeds received towards interest in share capital of the Establishment.

#### m) Fair value measurement

The Establishment discloses the fair value of financial instruments measured at amortised cost.

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in their best economic interests.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### 4. SIGNIFICANT JUDGMENTS EMPLOYED IN APPLYING ACCOUNTING POLICIES

The significant judgments made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

#### Classification of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Establishment's business model for managing them.

#### Impairment

The Establishment applies expected credit loss model to measure loss allowance in case of financial assets on the basis of 12-month expected credit losses or Lifetime expected credit losses depending on credit risk characteristics and how changes in economic factors affect expected credit losses, which are determined on a probability-weighted basis.

#### 5. KEY SOURCES OF ESTIMATION UNCERTAINTY

Key assumptions made concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

#### Impairment of financial assets

The loss allowance for financial assets are based on assumptions about the risk of default and expected loss rates. The management uses judgement in making these assumptions and selecting the inputs to the impairment calculations based on the history, existing market conditions as well as forward looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in note 3 (I).

#### Staff end-of-service benefits

The Establishment computes the provision for the liability to staff end-of-service benefits stated at AED 268,596 (previous year AED 248,325), assuming that all employees were to leave as of the reporting date. The management is of the opinion that no significant difference would have arisen had the liability been calculated on an actuarial basis as salary inflation and discount rates are likely to have approximately equal and opposite effects.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

		2023	2022
		AED	AED
6.	INVESTMENT IN A SUBSIDIARY		
	Interest in share capital at cost in		
	Biotech Laboratories (PTY) LTD		
	4,701,492 (Previous year 4,477,611) unquoted equity		
	shares of Rand (R) 0.001 each	49,444,453	46,806,907

(a) The nature of investment in subsidiary held by the Establishment is as follows:

Name of subsidiary	Principal activity	Country of incorporation	Registe proportior ownership	1 (%) of
			2023	2022
Biotech Laboratories (PTY) LTD	Trading of pharmaceutical products	Republic of South Africa	100	95.24

(b) During the year, the Establishment has acquired balance 4.76% shares in subsidiary and accordingly, shareholding in subsidiary has increased from 95.24% to 100%.

#### 7. NON-CURRENT FINANCIAL ASSETS

In the previous year, this represented interest free long-term loan AED 797,529 (denominated in Rand (R) 3,150,000) given to subsidiary, Biotech Laboratories (PTY) LTD, incorporated in Republic of South Africa, without any fixed repayment schedule. The same is repaid in the current year.

A reconciliation of the movements in the long-term loan is as follows:

2023	2022
AED	AED
797,529	780,804
	16,725
(797,529)	
	797,529
38,232	18,990
248,325	244,325
286,557	263,315
146,966	39,629
	AED 797,529 (797,529) 38,232 248,325 286,557

#### 10. RELATED PARTIES

The Establishment enters into transactions with entities that fall within the definition of a related party as contained in International Accounting Standard 24. The management considers such transactions to be in the normal course of business and are at prices determined by the management.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Related parties comprise the parent/ultimate parent company, subsidiary, fellow subsidiaries, directors and the key management personnel.

At the reporting date, significant balances with related parties were as follows:

	Parent company	Subsidiary	Fellow subsidiaries	Key management personnel	Total 2023	Total 2022
	AED	AED	AED	AED	AED	AED
Investment in a						
subsidiary		49,444,453	-		49,444,453	
	Talls are -	46,806,907	BUILDING -	MARKAN -		46,806,907
Non-current financial						
assets						
		797,529				797,529
Staff advance included						
in other receivables				248,325	248,325	
	-			244,325		244,325
Due from a related party	, <del></del>	177	-	55		
	-		2,888,444			2,888,444
Due to a related party	559,794				559,794	
	381,625		-	-		381,625
Provision for staff end-						
of-service benefits	-			268,596	268,596	
		-		248,325		248,325

The balance due from a related party is unsecured and interest-free.

All balances are unsecured and are expected to be settled in cash. Repayment and other terms are set out in notes 7 and 20.

Significant transactions with related parties during the year were as follows:

	Parent/ ultimate parent company	Key management personnel	Total 2023	Total 2022
	AED	AED	AED	AED
Other income	470,298		470,298	
	-			The second
Amount paid for staff salaries and benefits		454,373	454,373	
	HINE WILL AND A COLOR	68,600		68,600
Recharge of staff benefits [Note 18 (a)]	696,602		696,602	
	381,625			381,625

The Establishment also provides funds to /receives funds from related parties as working capital facilities, free of interest.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

		2023	2022
		AED	AED
11.	CASH AND CASH EQUIVALENTS		
	Bank balances in current accounts	642,212	139,092
12.	SHARE CAPITAL		
	Issued and paid up:		
	51,885,000 shares of AED 1 each held by

	Provision for the year	20,271	4,000
	At 31 December	268,596	248,325
14.	ACCRUALS		
	Accruals for commission	1,032,182	1,032,182
	Accruals for other expenses	112,142	29,950
	The bright representative in Lower Telestation (Authorities and State Telestation of Commission Com	1,144,324	1,062,132

The entire accruals are due for payment within one year from the reporting date.

# 15. OTHER CURRENT LIABILITIES Employee related payables 20,271 4,000

#### 16. MANAGEMENT OF CAPITAL

The Establishment's objectives when managing capital are to ensure that the Establishment continues as a going concern and to provide the shareholder with a rate of return on their investment commensurate with the level of risk assumed.

Capital, which is unchanged from the previous year, comprises equity funds as presented in the statement of financial position together with due to related parties and loan to a related party. Debt comprises total amounts owing to third parties, net of cash and cash equivalents.

The Establishment is not subject to externally imposed capital requirements.

Funds received from related party net off funds provided to a related party, are retained in the business and according to the business requirements and maintain capital at desired levels.

		2023	2022
		AED	AED
17.	OTHER OPERATING INCOME		
	Unrealised exchange gain	135,772	
	Income from marketing support services	470,298	_
		606,070	

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

	2023	2022
	AED	AED
STAFF COSTS		
Staff salaries and benefits (a)	1,130,704	446,225
Staff end-of-service benefits	20,271	4,000
	1,150,975	450,225
	Staff salaries and benefits (a)	STAFF COSTS Staff salaries and benefits (a) Staff end-of-service benefits  AED  1,130,704  20,271

a) This includes AED 696,602 (previous year AED 381,625) of staff benefits recharged towards Employee Stock Option Plan (ESOP) granted to employees of the Establishment by the parent company.

19.	OTHER OPERATING EXPENSES		
	Expenses relating to short-term lease	34,055	32,795
	Unrealised foreign exchange loss		220,036
	Realised exchange loss		682
	Other expenses	132,671	71,959
		166,726	325,472

## 20. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

#### Financial instruments

#### Classification and fair values

The net carrying amounts as at the reporting date of financial assets and financial liabilities are as follows:

	At amortised cost	
	2023	2022
	AED	AED
Financial assets		
Non-current financial assets		797,529
Other receivables	286,557	263,315
Due from a related party		2,888,444
Cash and cash equivalents	642,212	139,092
	928,769	4,088,380
Financial liabilities		
Accruals	1,144,324	1,062,132
Due to a related party	559,794	381,625
	1,704,118	1,443,757

### Fair value measurement and disclosures

The management assesses the fair values of all its financial assets and financial liabilities at each reporting date.

The fair values of cash and cash equivalents, other receivables, due from a related party, due to a related party and accruals approximate their carrying amounts largely due to the short-term maturities of these instruments.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Interest-free long-term funds to a related party due to their terms have fair values lower than their carrying values.

## Financial risk management

### Risk management objectives

Risk is inherent in the Establishment's activities but is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Establishment's continuing profitability. The Establishment's risk management focusses on actively securing short to medium term cash flows by minimizing the exposure to financial markets.

The primary risks to which the business is exposed, which are unchanged from the previous period, comprise credit risks, liquidity risks and market risks (including currency risks, cash flow interest rate risks and fair value interest rate risks).

The management of the Establishment reviews and agrees policies for managing each of these risks which are summarised below:

#### Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

Credit risk is managed by assessing the creditworthiness of potential customers and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

Financial assets that potentially expose the Establishment to concentrations of credit risk comprise principally bank balances, other receivables and outstanding receivables.

The Establishment's bank accounts are placed with high credit quality financial institutions.

Amounts due from related parties relate to transactions arising in the normal course of business with minimal credit risk.

At the reporting date, the Establishment's maximum exposure to credit risk from trade receivables situated outside the UAE is as follows:

----

	2023	2022
	AED	AED
Non-current financial assets		
South Africa		797,529
Due from a related party		
Russia		2,888,444

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

At the reporting date, there are no trade receivables (previous year AED Nil).

At the reporting date, there is no receivable from a related party (previous year 100% from a related party).

## Liquidity risk

Liquidity risk is the risk that the Establishment may encounter difficulty in meeting financial obligations due to shortage of funds. The Establishment's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and financial liabilities.

The Establishment 's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Establishment's reputation. The Establishment manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. The Establishment limits its liquidity risk by ensuring adequate arrangements with related parties.

The table below summarises the maturities of the Establishment's financial liabilities at the reporting date, based on contractual payment dates and current market interest rates.

	Less than one year	
	2023	2022
	AED	AED
Accruals	1,144,324	1,067,132
Due to a related party	559,794	381,625

Less than one year

#### Market risk

Market risk is the risk that the changes in market prices, such as foreign currency exchange rates, interest rates and prices, will affect the Company's income or the value of its holdings of financial instrument. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the returns.

#### Currency risk

Currency risk is the risk that the values of financial instruments will fluctuate because of changes in foreign exchange rates.

There are no significant currency risks as substantially all financial assets and financial liabilities are denominated in UAE Dirhams or US Dollars to which the Dirham is fixed except for the following:

	2023	2022
	AED	AED
Due from a related party		
Russian Ruble (RUB)		2,888,444
Non-current financial assets		
South African Rand		797,529

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

	2023	2022
ACCURATION OF THE PROPERTY AND THE PROPE	AED	AED
Due to a related party		
Indian Rupee (INR)	559,794	381,625

At the reporting date, if the above-mentioned currencies had been weaker or stronger against the Dirham by 1%, profit for the year and equity would have been lower or higher by AED 5,598 (previous year AED 33,043).

#### Interest rate risk

Interest rate risk is the risk that the value of financial instruments will fluctuate because of changes in market interest rates.

At the reporting date there are no significant interest rate risk

#### 21. CORPORATE TAX

On 9 December 2022, the UAE Ministry of Finance issued the Federal Decree-Law No. (47) of 2022 introducing Corporate Tax, effective for financial years commencing on or after 1 June 2023. The rate of corporate tax is 9% on the taxable income exceeding AED 375,000 and 0% for qualifying free zone companies on their qualifying income, subject to meeting specified conditions. There is no impact of this law on the financial statements of the Establishment for the year ended 31 December 2022. Management will assess the implications of this Federal Corporate Tax for the Establishment in due course.
